# Lucknow University Associated Colleges Management Admission Test - 2026

# LUACMAT - 2026

## *Introduction*

Lucknow University Associated Colleges Management Admission Test (LUACMAT) is conducted by National Post Graduate College every year. LUACMAT is a collective venture of the associated colleges of the University of Lucknow to hold common entrance examination and complete the process of admission after counselling in BBA, BBA (Digital Business), B.Com.(Hons.), BCA, BAJMC, B.Voc.(Software & E-Governance) and B.Voc. (Banking & Finance) Programs. The objective of introducing the management & professional Programs at undergraduate level is to prepare strong foundation of students who are willing to take up administration, management, journalism, IT and IT-enable services as their career and develop professionalism in their personality.

BBA (Bachelor of Business Administration), BBA(DB) (BBA in Digital Business), and B.Com.(Hons.) (Bachelor in Commerce-Hons.) are six semester Programs run by the Institute of Management Studies and also offered by the affiliated colleges of the Lucknow University. Similarly, BCA (Bachelor of Computer Application) and BAJMC (Bachelor of Arts in Journalism and Mass Communication) are also six semester Programs; BCA (Bachelor of Computer Application) is run by the Department of Computer Science and BAJMC is offered by the Department of Journalism and Mass Communication. B.Voc. Programs are run under Deen Dayal Upadhyay KAUSHAL Kendra of UGC.

National P.G. College has adopted NEP-2020 and is completely NEP-compliant and the program structure is subject to change as per the government orders from time to time.

## *Objectives of* LUACMAT

The Lucknow University had permitted the colleges to adopt their own procedure of admission in professional Programs at undergraduate level. The heads of the institutions offering BBA, BBA(DB), B.C.A., BAJMC, B.Voc. and B.Com. (Hons.) Programs decided to hold a common admission test in the interest of the students who would have to otherwise

a. apply in different colleges
b. purchase application forms of different colleges
c. appear more than once in the admission test
d. miss/skip one or more admission tests in case of date & time clash.

The heads of institutions decided that the National Post Graduate College should shoulder the responsibility of conducting the common admission test (LUACMAT 2026) and complete the process of admission in BBA, BBA (DB), BCA, B.Com.(Hons.), B.Voc. and BAJMC Programs after counselling.

In addition, National P.G. College will be conducting LUACCET (Lucknow University Associated College Common Entrance Test) for entrance to B.Com. and B.Sc. (Math) from 2022 onwards on receiving multiple requests from associated colleges.

## Eligibility of LUACMAT 2026

# National P.G. College: An Introduction

**An Autonomous College, CPE & Accredited by NAAC Grade 'A'**

One of the participant Colleges of LUACMAT-2026

Established in the year 1974 by the then Chief Minister of Uttar Pradesh, late Chandra Bhanu Gupta, who also has the honour of being popularly known as the architect of modern Lucknow. National Post Graduate College is the apex institution of Moti Lal Memorial Society. The college makes sincere efforts to inculcate moral and social values in the students.

Situated close to the banks of river Gomti, the college has an impressive building **with hostel facility for boys & girls.** It has a large campus with lush green surroundings. With a total strength of 6798+ students (boys and girls), the college has **Arts including BAJMC, Commerce, Science, Electronics, Management and Computer Science Faculties.** The College also offers under-graduate and post-graduate programmes in Software Development and Banking & Finance under **Deen Dayal Upadhyay KAUSHAL Kendra.** The college has postgraduate Programs in Arts, Science and Commerce faculties. The college have a **one-year Post Graduate Diploma Program in Remote Sensing & GIS (PGDRSGIS)** and a **one year Post Graduate Diploma in Forensic Science (PGDFS).** Under Deen Dayal Upadhyay KAUSHAL Kendra following skill development Programs are being offered. The Programs are **1. B.Voc. in Software Development & E-Governance, 2. B.Voc. in Banking & Finance and 3. Community College in Office Automation & E-Governance. 4. Community College in Banking & Finance, 5. M.Voc. in Software & E-Governance, 6. M.Voc. in Banking, Stocks & Insurance.** ***The College started five vocational programs in session 2024-25 1. Lab Technician, 2. OT Technician, 3. Physiotherapy, 4. Hospital Management & 5. Hotel Management. The B.Com in International Accounting & Finance (Integrated with ACCA) and The B.Com - Financial Analysis (Integrated with CFA). Bachelor of Public Health (BPH).*** Semester System has been introduced both at UG & PG levels with a transparent examination and Evaluation system having continual internal evaluation system with CBCS and CGPA.

Aiming at achieving cent percent result in the examination, a well-qualified and hard-working faculty strives to put in its best to raise the standards of the institution under dynamic administration and energetic leadership. The library is well-equipped and well-arranged, fully automated & air-conditioned. Journals and other seminar papers are constantly added to the rich storehouse of research section. Keeping in tune with the modern age of digital technology and computer education, the college maintains balanced pace by housing **computer labs with latest software and hardware configuration.** Laboratories in the Science faculty and practical labs in the subjects of the Arts faculty are **well-equipped with latest instruments.**

The National Post Graduate College is an autonomous college of Lucknow University with grade 'A' accreditation from NAAC. In accordance with UGC guidelines the college successfully introduced Choice Based Credit System (CBCS) in undergraduate and post-graduate Programs as well. It is important to mention that CBCS system at PG level was introduced from 2014-15 with encouraging response from the students. CGPA system of awarding marks and grades and Multiple-Choice Questions (MCQ) pattern of examinations is also in practice. With the introduction of CBCS, there are three categories of papers/subjects in each faculty. 1) Core (Six compulsory papers carrying four credits each) 2) Elective group of papers under CBCS from all the faculties carrying two credits each*

***Candidates having passed their 10th Class examination before 2022 are not eligible for seeking admission in UG Programs in National P G College.***

**** ₹500 Registration, ₹500 Admission Process***

# Programmes:

Bachelor of Business Administration (BBA), BBA in Digital Business (BBA(DB)), Bachelor of Computer Application (BCA), Bachelor of Arts in Journalism and Mass Communication (BAJMC) and B.Com. (Hons.) are all three-year (Six-Semester) Programs. At the successful completion of all semesters, Bachelor's degree in the respective faculty is awarded by the University of Lucknow.

**Bachelor of Business Administration (BBA)** is an exposure of students to Accounting, Business Law and Ethics, Economics, Finance, Management Information System, Marketing, Organizational Behaviour, Statistical Analysis, Effective Communication and a lot more. Studying business administration has become all the more relevant in the Indian context especially with the entry of multinational companies, banking and insurance services. The Program aims at developing leadership, co-ordination and team spirit with a view to preparing the students for higher studies in the field of management. French as a foreign language is also part of the curriculum.

**BBA in Digital Business (BBA(DB))** aims at developing analytical strategies and decision making skills in the field of digital business. The program focuses on communication and IT skills and gives necessary exposure to contemporary issues of Digital marketing, Digital Management of Finance, Marketing personnel, Human Resource Development, capable of handling Digital Business & Management. The emphasis is also on methodology and research-oriented issues with computer and quantitative techniques.

**Bachelor of Computer Application (BCA)** The curriculum of Bachelor of Computer Application has been designed to cater to the needs of modern age. It gives an early start to those who are interested in taking up programming and computer designing as their career. The Program aims at developing Communication Skills and Numerical and Programming aptitudes. Elementary Mathematics and Electronics are integral parts of the curriculum.

**Bachelor of Arts in Journalism and Mass Communication (BAJMC)** There is a boom in Print and Electronic Media, with a number of regional, national and international newspapers, TV and radio channels and webcast being set up to reach the masses. A Bachelor Degree in Journalism and Mass Communication (BAJMC) offers unlimited exciting opportunities. Reporting and editing in Newspapers/Magazines, broadcasting production, anchoring and news reading on television channels, animation, video game designing, digital video and film editing, are some of the numerous ways to make media a creative and exciting career.

**Bachelor of Commerce (B.Com. Hons.)** The Program has been designed keeping in mind the professional guidance needed by the students for pursuing Programs like MBA, CS, CA and ICWA. Subjects like Cost Accounting, Taxation, Financial Mathematics and Business Statistics train them in commercial aspects of managing a business establishment. Subjects like Psychology and Communication help them in grooming their personality too. German/French as a foreign language is also part of the curriculum.

**B.Voc. in Banking & Finance** is a three-year six semester programme (with multiple-exit provisions at the end of every year) leading to a bachelor degree. The Program aims at developing a holistic competency and skill in the field of banking, finance, stocks, insurance, risk management and everything that concerns management and safe handling of cash and investments in any form. On completion of the Program, the

student is expected to have the knowledge, skill and expertise of a banker and a professional aptitude in the field of banking and finance. The curriculum will include subjects such as basics of banking, managerial communication and soft skills, computer skills, banking environment and banking operations, credit risk management, banking laws and regulations, Indian financial system, financial planning and business ethics, mutual fund management, retail banking, treasury management, atm/debit/credit card system, E-banking, IT and banking, demat, foreign exchange, NBFCs, functioning of stock exchanges etc.

**B.Voc. in Software Development & E-Governance** is a three-year six semester programme (with multiple-exit provisions at the end of every year) leading to a bachelor degree. The Program aims at developing capabilities of a highly skilled software developer and customizing and implementing E-Governance in different walks of life. E-governance is a plan to provide all government services to the public electronically. The 11th report of the Second Administrative Reforms Commission, entitled "Promoting E-Governance - The Smart way Forward", established the government's position that an expansion in E-Government is necessary in India. E-governance is something that is fast emerging and bringing revolutionary changes in our day-to-day functioning. The curriculum will develop skills in the students as creating a well agreeable environment for E-governance. Customized software development shall always remain in demand in the fast ever growing global economy. The Program is designed to create web-designers, software developers and IT professionals. The curriculum will include subjects such as introduction to information theory and application, computer languages, c++, java, php, asp.net, multi-media, communication, corporate behaviour, data management system, MIS, concepts of signal, basics of electronics, hardware, networking & networking protocol, switching web hosting, E-governance, digitization and management of records, implementing digitalization in various departments of administration, public involvement and E-governance etc.

**The B.Com (E-Commerce)** – Apprenticeship Embedded Degree Programme (AEDP) at National P.G. College, Lucknow, implemented in collaboration with the Board of Apprenticeship Training (BOAT), Ministry of Education, is designed in accordance with the guidelines of the University Grants Commission (UGC). The programme integrates academic learning with industry-oriented apprenticeship training, enabling students to acquire both theoretical knowledge and practical skills in commerce, digital business, and e-commerce. As a part of the AEDP framework, it serves as an excellent example of the "learning while doing" approach, where students gain real-world exposure through structured apprenticeship opportunities in relevant industries. This blended model of classroom education and hands-on experience aims to enhance employability, professional competence, and industry readiness among graduates in the rapidly evolving digital economy.

**The B.Com in International Accounting & Finance (Integrated with ACCA)** is a distinctive undergraduate programme designed for students who aspire to pursue global careers in finance, accounting, and business leadership. Offered by National PG College (NPGC), Lucknow, with ACCA training the programme combines a UGC-recognized B.Com degree with progression toward the globally respected ACCA qualification. Recognized across 180+ countries, ACCA enables students to access international career opportunities across accounting, consulting, audit, taxation, and corporate finance roles.

**The B.Com - Financial Analysis (Integrated with CFA)** is a 3-year integrated undergraduate program offered at National PG College, combining commerce education with structured preparation aligned to the CFA curriculum .

This program is designed for students seeking a strong academic foundation alongside exposure to professional investment and finance frameworks.* Integrated structure that complements undergraduate learning

* CFA-aligned curriculum integrated alongside academic semesters

* Strong foundation for careers in finance, research and investment domains

* Structured progression without overlapping or parallel coursework

* Academic learning and professional preparation—designed to work together.

Bachelors in Public Health (BPH) "Build a Healthier Future with Public Health Education"

About the Course:

Bachelor in Public Health (BPH) is designed for students who want to build a career in community health and healthcare management. The program provides knowledge about disease prevention, health promotion, epidemiology, and public health policies. Students will gain practical exposure through Fieldwork Practicum, Internships and Research activities. Career Opportunities:- Graduates can work in hospitals, NGOs, government health departments, research organizations, and international health agencies.

**B.Voc. and Paramedical Courses**

**Centre of Vocational and Futuristic Studies**

The Centre of Vocational and Futuristic Studies has been established to promote skill-based education and professional training through the Bachelor of Vocation (B.Voc.) programmes under the guidelines of the University Grants Commission (UGC) and Domain Skilling Courses under the frameworks of the National Skill Development Corporation (NSDC) and Uttar Pradesh Skill Development Mission (UPSDM).

The centre focuses on preparing students with industry-oriented skills and practical knowledge that enhance employability and professional competence.

**Vision**

To provide cutting-edge vocational education and skill development opportunities that are closely aligned with the evolving needs of industries and healthcare sectors, ensuring that students are equipped with both theoretical understanding and practical expertise.

**Objectives**

To offer Domain Skilling Courses accredited by the NSDC and UPSDM.

To bridge the gap between academia and industry by providing hands-on training and practical exposure.

To develop skilled professionals capable of meeting the demands of healthcare, hospitality, and service sectors.

To promote employment-oriented education through vocational and professional programmes.

Courses Offered

The centre offers the following Bachelor of Vocation (B.Voc.) programmes:

Bachelor of Vocation in Medical Lab Technology

Bachelor of Vocation in Operation Theatre Technology

Bachelor of Vocation in Physiotherapy

Bachelor of Vocation in Hospital Management

Bachelor of Vocation in Hotel Management

These programmes combine academic learning with practical training, internships, and skill development, enabling students to build successful careers in healthcare services, hospital administration, diagnostic laboratories, and the hospitality industry.

Overall, the Centre of Vocational and Futuristic Studies aims to create a skilled workforce, support national skill development initiatives, and contribute to the growth of professional education and employment opportunities.
